

USB-C KVM Switch for 2 PCs

- **Dual USB-C Host Control**
 - Instant, lag-free switching between two USB-C connected devices.
 - Universal compatibility: laptops, phones, tablets, desktops (USB-C/HDMI).
- **Display & Audio Excellence**
 - 4K@120Hz HDR HDMI: Crisp detail, fluid motion, vivid HDR.
 - HDCP-Compliant: Secure encrypted content (streaming, Blu-ray).
- **100W PD 3.0 Power Delivery**
 - Integrated USB-C PD 3.0 port delivers up to 100W, eliminating extra chargers.
 - Ideal for high-power devices (gaming laptops, tablets).
- **Versatile Peripheral Support**
 - Front-panel ports: 1x USB-C 2.0 + 2x USB-A 2.0 (keyboards, mice, drives, phones).
- **Slim, Durable Design**
 - 24.2mm thickness saves space; metal casing enhances heat dissipation.
- **Universal System Compatibility**
 - Works seamlessly with Windows, macOS, iOS, Linux, and major OS.

Product Overview

The USB-C KVM Switch for 2 PCs: A premium, ultra-compact solution tailored for professionals, gamers, and multitaskers. Seamlessly switch between two USB-C devices (laptops, smartphones, desktops, MacBooks) with 4K@120Hz HDR video, 100W PD 3.0 power, and versatile peripheral support. Its slim metal design suits minimalist workspaces, home offices, or portable use.
