

MediaBox XG500 Google TV

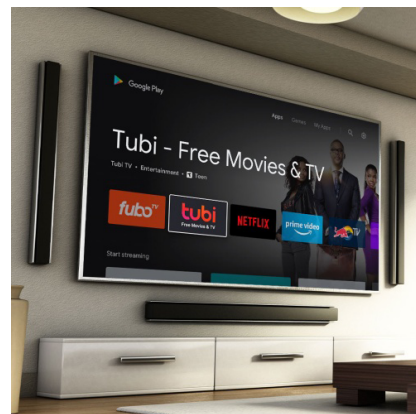

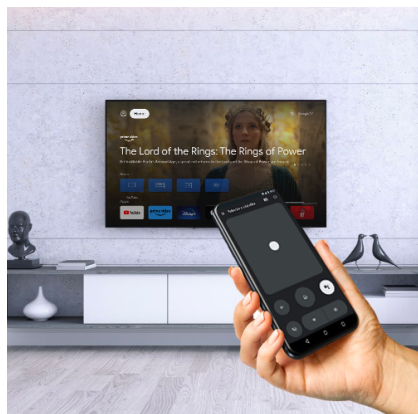

UHD multimedia player

- Certified Netflix 4K
- Chromecast built-in
- Certified Google TV™
- 2 GB RAM
- 16 GB internal storage
- Ultra HD 4K player
- HDMI 2.1
- DualBand Wi-Fi
- Voice search

The powerful TESLA MediaBox XG500 multimedia center with the latest certified Google TV™ operating system draws you into an endless world of entertainment with a vast selection of apps from Google Play. Google certification ensures smooth performance and app updates.

This gives you easy access to more than 400,000 movies and TV shows from various streaming services, including popular Netflix 4K and HBO Max.

Even easier control is provided by the Google voice assistant. And as the cherry on top, you can stream apps from your phone or tablet thanks to Chromecast built-in.
