

DEG1

Oculink Graphics Docking Station

PCIe4.0x4 Expansion Interface

Bandwidth up to 64GT/s, lower performance loss

Signal Amplifier Chip

Built-in signal amplification chip, more stable high speed

Follow the Startup

Follow the main power switch of the host computer to start, saving electricity and worry

Up link	OCulink with PCIE4.0 ×4
Down Link	PCIE x16 (PCIE4.0 ×4)
GPU	Graphics cards of unlimited length
Signal	Nice compatibility of signal amplification chips
LED	1 × ForcePowerOn with LED
Power	Follow the Startup
Power supply	ATX/SFX Standard Power
Dimension	270.2×174.4×40.75mm
